Make sure you select the "Sign Up" option in the dialog below¹:

A screenshot of an Auth0 authentication dialog box. At the top, there is a red shield logo with a white star and the text "Auth0". Below the logo are two buttons: "Log In" and "Sign Up". The "Sign Up" button is circled in yellow. Below these buttons is a blue button with the Google logo and the text "SIGN UP WITH GOOGLE". Underneath is the word "or". There are two input fields: one for an email address containing "yours@example.com" and one for a password containing "your password". At the bottom of the dialog is a large orange button with the text "SIGN UP >".

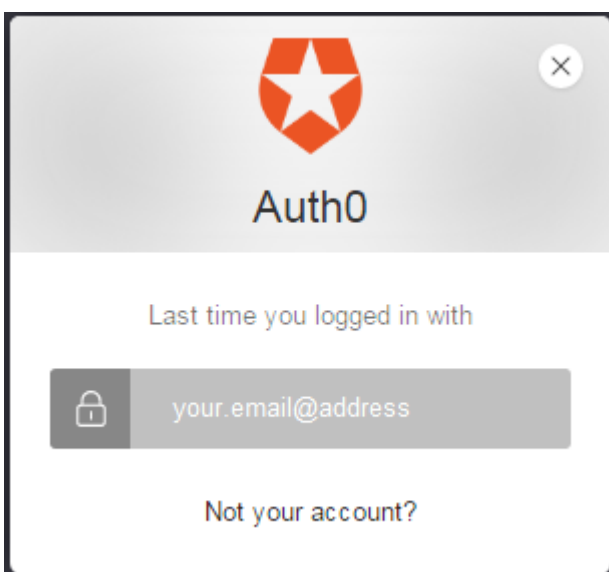

After creating a password you will be logged in to the site.
